Chiari & Syringomyelia Foundation (CSF)

Approximately 3 million children and adults are diagnosed with CSF malformations and defects in the base of the skull and cerebellum, affecting the part of the brain that controls balance. As part of our ongoing mission to support our communities, our CEO, Philip Guarneri and Jeanne Sarno, 1st VP/Business Relationship Manager proudly support CSF on their mission to raise awareness through education and research to assist families who are struggling with Chiari malformation, Syringomyelia and related disorders.

Orange County Chamber of Commerce

Every small business adds something special to a community by creating jobs, boosting the economy and enhancing the neighborhood. We proudly support the Orange County Chamber of Commerce, at the Business to Business EXPO where all types of businesses get together to explore and celebrate why shopping small makes our communities special. Our Newburgh team, Lisa-Ann LaBue, AVP/Business Relationship Manager and Matthew Rockett, AVP/Community Market Manager showed their support for Small Business.

A Night For Nicolette

Every day, our communities are affected by substance abuse. On a daily average, more than 130 people in the United States die after overdosing on opioids. A Night for Nicolette, the first memorial fundraiser, was held on Nicolette's 26th birthday to raise awareness of the disease. We are proud to support Nicolette's Dream on their mission to fight substance abuse.
